

ALAMEDA COUNTY INDUSTRIES

REDUCE: Choose durable and reusable products instead of single-use disposable options. Buy in bulk or select products with less packaging.

REUSE: Refurbish and repair items that are worthwhile. Sell or donate unwanted items that are still in good condition, don't dispose.

RECYCLE: Place appropriate items in your Recyclables cart/bin. They'll be made into new products.

ROT: Put food scraps, food-soiled paper, and yard trimmings in your Organics cart/bin. They'll be turned into compost.

Special tote bags make it easy to transport recyclables from your living unit to the Recyclables collection container at your complex. The City of Alameda provides one bag per living unit at not charge. Visit the ACI office to get yours! While you are there, ask about the free kitchen pail. It might be exactly what you need to start participating in the Organics Program.

FOAM PACKING PEANUTS AND PLASTIC BUBBLEWRAP: Drop off at a mailing center (such as UPS or Mail Box USA)

NEWSPAPER AND PACKING PAPER: Place in the blue Recyclables cart/bin
